Welcome to Priani

We are grateful you decided to select us as your food destination in Thoddoo!

Priani's story starts with the dream of spoiling Thoddoo's travellers with the most delicious, mouth-watering, and flavourful food our chef can prepare.

We strive for nothing but the best for our guests. That's why we prepare our dishes from a selection of the highest quality international brands and ingredients available in the Maldives.

Our aim is to prepare homemade dishes using only fresh, raw ingredients, without any stock cubes or any kind of food additives whatsoever. This means that our pizza dough, ciabatta bread, basil pesto, tomato sauce, and all pasta sauces, as well as all our desserts are freshly made from scratch.

The same goes for all our smoothies and fresh juices which are made with fresh fruit with no added sugar, milk, or artificial flavours.

Using fresh ingredients however, has its downside. Due to reasons beyond our control, sometimes it can happen that we don't have everything you will see here on the menu, for which we apologise in advance. Our daily specials can be seen on the blackboard. If you have any kind of allergies, special wishes or requests, please don't hesitate to inform us. We will be more than happy to assist you.

We wish you a lovely and happy time at our restaurant and hope to see you again.

Enjoy your meal !
